## Introduction Bingo

The goal of the game is to be the first one to get a "BINGO". Students (Student A) must ask other students (Student B) questions by pairing the question phrases with the right question content. If Student B answers "Yes", then they write their name in the corresponding square on Student A's paper. The first student to get their entire sheet filled out with names shouts "BINGO" and wins the game.

### **Examples:**
